

## End of Year Newsletter July 2025

Firstly, we would like to say a huge **thank you** to all of the schools who we have had the pleasure of supporting this year.

We have been completely overwhelmed by the positive feedback and we hear that schools need and want more.

Between the four Quadrant Outreach Leads, we have had a total of 312\* referrals and 100% of those who have completed the feedback would like the service to continue.

If you are yet to complete the feedback, it is not too late and you can do by clicking [here](#).

ESSET continue to work closely with the LA and are working on plans to continue and expand our offer. We have seen and experienced first hand the pressures that mainstream schools are under and want to continue supporting schools.

If you are reading this and wondering what the ESSET Outreach service is about, you can find all the information here on our [website](#).
